FINANCIAL AND CONSUMER LITERACY

FAMILYBUDGET

Provide students with a monthly budget for a family with young children who are moving into the community. Have students research childcare options available and the costs and features of each. Students present findings on local childcare provided sdiscuss strategies for including childcare in the family budget and adjust the monthly budget to account for typical local childcare costs.

HEALTH, SAFETY, AND WELLNESS

MINDFULNESS JOURNAL

Students learn and practice mindfulness exercises in class. Challenge students to implement mindfulness in their other classes, or whenever they face a stressor. Have students keep a mindfulness journal with responses to various prompts about stress, pressure, gratitude, and mindset. Students select two entries to share and discuss with the class.

PROBLEM SOLVING AND INNOVATION

PROTOTYPE TOYS

Set up a display of children's toys in the classroom. Have students identify safety hazards and toys that are inappropriate for a particular developmental stage. Small groups of students will design and create prototypes of toys that correct the safety or developmental issues associated with toys from the original display. Have students test the prototypes with children.

SUSTAINABILITY

MISCHEL'S MARSHMALLOW EXPERIMENT

Introduce students to the Stanford marshmallow (Mischel) test by replicating the experiment in class. Lead a discussion on the strugsteldents, and most humans, have with delaying
