Icahn Charter School 4

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2020 and 2019

NOTE A - NATURE OF OPERATIONS

The Icahn Charter School 4 (the "Charter School") is an educational corporation formed to operate a charter school located in the City of New York, County of the Bronx. On December 5, 2008, the Board of Regents of the University of the State of New York, for and on behalf of the State Education Department, granted a provisional charter valid for a term of five years, incorporating the Charter School. The charter was last renewed in 2014 for a term up through and including July 31, 2024.

The central mission of the Charter School, using the Core Knowledge curriculum developed by E. D. Hirsch, is to provide students with a rigorous academic program offered in an extended day/year setting. Students are expected to graduate armed with the skills and knowledge to participate successfully in the most rigorous academic environments and have a sense of personal and community responsibility. The Charter School is coeducational and nonsectarian and commenced instruction on September 8, 2009.

The Charter School is exempt from federal income tax under Section 501(a) of the Internal Revenue Code and is classified as an organization described in Section 501(c)(3).

In March of 2020 the World Health Organization officially declared COVID-19, a disease caused by the novel coronavirus, a pandemic. This caused many local and national governments, including New York State, to impose restrictions on business operations, travel and time spent outside the home. The outbreak has adversely impacted the level of economic activity around the world and disrupted normal business activity in every sector of the economy. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. External factors, including the duration and intensity of the pandemic, the shape of the economic recovery across the globe, as well as timing and widespread adoption of vaccines, will all have an impact on the School's operating results. Due to the many uncertainties associated with the

NOTE D - RELATED PARTY TRANSACTIONS

Legal services are provided by the Inwood Opportunity LLC (the "Company"), a foundation for which Carl C. Icahn serves as a trustee, at no cost to the Charter School. These amounts have not been reflected as in-kind contributions in the accompanying financial statements, as neither the Charter School nor the Company has a readily measurable or objective basis for determining such amounts.

The Charter School utilizes certain facilities provided by Inwood Opportunity, an organization affiliated with the Company, at no cost. The estimated fair value of cost savings associated with such arrangement totaled approximately \$75,000 for the year ended June 30, 2019 and is recognized as revenue within state and local grants, and also included within expenses in the statement of activities. During fiscal 2019, the Charter School entered into a use agreement for this space, see below.

During 2012, Inwood Opportunity LLC and The New York City School Construction Authority entered into a funding agreement in order to provide a permanent location for the operation of three (3) public charter schools for grades K-8, one of which is the Charter School. On March 30, 2014, Inwood Opportunity LLC entered into a prime lease for the land and building located at 1500 Pelham Parkway South, Bronx, New York that is to expire on August 31, 2113, with The New York City School Construction Authority. Although the lease is between Inwood Opportunity and the SCA, the lease agreement designates the three (3) public charter schools as the initial users of the premises. The lease will have a 99-year term and Inwood is obligated to pay rent of \$1 per year. In accordance with the lease agreement, Inwood Opportunity LLC concurrently entered into a use agreement with the three (3) public charter schools for the use of the leased land and building for a corresponding term.

Inwood Opportunity LLC accounted for this arrangement as an agency transaction on behalf of the three (3) public charter schools as the three (3) public charter schools are the ultimate beneficiary of the imputed fair value of the 99 year lease agreement. In August 2018, upon completion of construction and issuance of the certificate of occupancy, the fair value of the land and building was determined to be approximately \$20,000,000. During the year ended June 30, 2019, each of the three (3) public charter schools recorded one-third of the imputed fair value, or \$6,666,000, of the building and land, as each school shares the land and building evenly, within net assets with donor restrictions and capital assets. The building will be amortized over a 30-year term, the estimated useful life of the building, and the net assets will be released from the restrictions accordingly.

	<u>2020</u>	<u>2019</u>

Total financial assets available within one year	<u>\$ 2,214,387</u>	<u>\$ 2,149,360</u>

The school maintained a net assets with donor restrictions balance of \$6,240,742 and \$6,462,964 as of June 30, 2020 and 2019, respectively.
