NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying consolidated financial statements include the accounts of Girls Preparatory Charter School of New York ("Girls Prep LES"), Boys Preparatory Charter School of New York ("Boys Prep"), Girls Preparatory Charter School of the Bronx ("Girls Prep Bronx"), Girls Preparatory Charter School of the Bronx II ("Girls Prep Bronx II"), PrePrep: the Joan Ganz Cooney Early Learning Program ("PrePrep"), PrePrep2 ("PrePrep2"), PrePrep3 ("PrePrep3"), collectively forming Public Prep Charter School Academies, and Friends of Girls Preparatory Charter School of New York, Inc. ("Friends"), (collectively referred to as the "Organization"). The Organization is presenting consolidated financial statements because they have a common Board of Trustees and economic interest. All intercompany balances and transactions have been

PrePrep3 operates in the borough of Manhattan, New York. The Organization obtained approval from the New York City Department of Education to open a third Pre-K program. The contract authorizes operation of a universal prekindergarten program for a term of two years through June 30, 2021.

Financial Statement presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

These classes of net assets are defined as follows:

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Universal Pre-Kindergarten (Pre-K)

Similar to public school district revenue, the Organization recognizes Pre-K revenue as educational programming is provided to students throughout the year. The maximum revenue amount is based on a contractually determined fixed amount per student and the number of students enrolled at a point in time. This amount could be further reduced if actual costs incurred in providing the Pre-K program are less than the maximum calculated amount of the contract. Amounts are paid in installments throughout the course of the year, with the final 5% paid upon submission of all required documentation at the end of the contract year. Revenue recognized from Pre-K programs totaled \$1,305,095 and \$869,876 for the years ended June 30, 2020 and 2019, respectively.

Rental assistance

Facilities rental assistance funding is provided by the New York City Dept of Education (NYCDOE) to qualifying charter schools located in the five boroughs of NYC. In order to receive rental assistance funding, a charter school must have commenced instruction or added grade levels in the 2014-15 school year or thereafter, and go through a space request process with the NYCDOE. If NYCDOE is not able to provide adequate space, the charter school can become eligible for rental assistance. Rental assistance is calculated as the lesser of 30% of the per-pupil tuition rate for NYC times the number of students enrolled, or actual total rental costs. As rental assistance is based on the number of students enrolled, revenue is recognized throughout the year as educational programming is provided to students.

The following table summarizes contract balances at their respective statement of financial position dates:

NOTE D: SCHOOL FACILITY, Cont'd

The landlord is in the process of making improvements to the space, including construction of additional space, the cost of which is to be shared between the landlord and Friends. This amount (anticipated at \$6,250,000) is expected to be repaid to the landlord through a ten-year \$3,000,000 loan with a fixed interest rate of 5%, and a ten-year \$3,250,000 loan at an interest rate equal to the landlord's rate of interest at the time of the landlord's mortgage closing. Payment of the \$3,000,000 loan commenced in September 2018, and payment of the \$3,250,000 loan was to commence in year three of the lease term. The lease required \$2,256,000 to be deposited in an escrow account to be used toward construction and for Friends to pay up to \$608,000 directly to the architect and up to \$92,000 to the construction manager upon receipt of invoices.
