Observation Assurances

Please check all of the boxes below.

- ☑ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☑ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- ☑ Assure that at least one of the required observations will be unannounced.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators

At least one observation must be conducted by building principal or other trained administrator and at least one of the required observations must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one observation by principal or other trained administrator.

- Impartial independent trained evaluators are trained and selected by the LEA.
- They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as sam BEDS code) as the teacher being evaluated.
- LEAs may locally determine whether to use more than one observation by impartial independent trained evaluator(s).

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must inclu

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

Lead evaluators, evaluators, and independent evaluators will receive ongoing training through participation in workshops offered by Southern Westchester or Putnam-Northern Westchester BOCES. Training will address the nine required elements per Regents Rules section 30-3.10. Initial training for certification of all evaluators will require 45 hours and recertification will require 6.5 hours periodically. At the conclusion of training and documentation of course completion, evaluators will be certified as lead evaluators by the Board of Education. Inter-rater reliability will be addressed through the ongoing analysis of available observation data. All evaluators will be certified as lead.

Lead evaluators, evaluators, and independent evaluators will receive ongoing training through participation in workshops offered by Southern Westchester or Putnam-Northern Westchester BOCES. Training will address the nine required elements per Regents Rules section 30-3.10. Initial training for certification of all evaluators will require 45 hours and recertification will require 6.5 hours periodically. At the conclusion of training and documentation of course completion, evaluators will be certified as lead evaluators by the Board of Education. Inter-rater reliability will be addressed through the ongoing analysis of available observation data. All evaluators will be certified as lead.
