Required Student Performance Subcomponent

For guidance on the required subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

100% of the Student Performance category if only the required subcomponent is used or locally determined if the optional subcomponent is selected.

Each teacher shall have a locally determined Student Learning Objective (SLO) consistent with the goal-setting process determined by the Commissioner.

Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments** (district-, BOCES-, or regionally-developed).

SLO Assurances

Please read the assurances below and check each box.

☑ Assure that each teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.

☑ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.

☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.

☑ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.

☑ Assure that processes are in place for the superintendent to monitor SLOs.

☑ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved Educator Evaluation plan.

☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Optional Student Performance Subcomponent

For guidance on the optional subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;**
- **Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or**
- $Q\ RWKHU FROOHFWLYHO\ EDUJDLQHG PHDVXUH RI VWXGHQW JURZWK RU DFKLHYHPHQW L

Please indicate if the optional subcomponent will be used by making the appropriate selection below.

NO, the optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Teacher Observation Subcomponent Weighting

For a definition of terms used in this section, see the Educator Evaluation Glossary.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

- At least 80% of the Teacher Observation category score

Page Last Modified: 02/03/2023

Teacher Observation

The teacher observation category is made up of two (2) required and one (1) optional subcomponents.

- The frequency and duration of observations are locally determined.
- Observations may occur in person, by live virtual observation, or by recorded video, as determined locally.
- LEAs may locally determine whether to use more than one observation by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct observations in addition to those required by this section for non-evaluative purposes.

Required Subcomponents

- At least one of the required observations **must be unannounced (across both required subcomponents).**

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

- At least one **observation must be conducted by the building principal or other trained administrator.**

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*

- At least one **observation must be conducted by an impartial independent trained evaluator.**
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.

* The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

Optional Subcomponent: Observations by Trained Peer Observer(s)

Training Assurance

Please read the assurance below and check the box.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on, at a minimum, elements 1, 2, and 4 below.

1. The New York State Teaching Standards, and their related elements and performance indicators
2. Evidence-based observation techniques that are grounded in research
3. Application and use of any methodology as part of an SLO and any optional second measures of student performance used by the LEA to evaluate its teachers

5. Application and use of any assessment tools that the LEA utilizes to evaluate its classroom teachers
6. Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the LEA to evaluate its teachers
7. Use of the Statewide Instructional Reporting System
8. The scoring methodology utilized by the Department and/or the LEA to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Observers and Certification of Lead Evaluators

For a definition of terms used in this section, please see the Educator Evaluation Glossary.

Please answer the questions below to describe the training process for all evaluators.

Evaluator Training

Please describe how training and retraining evaluators is conducted.

Check all that apply.

☑ As a component district, training is conducted by, or in conjunction with, a BOCES

Please read the assurance below and check the box.

☑ Assure that the duration of training and retraining is sufficient to train on all 9 elements from Section 30-3.10 of the Rules of the Board of Regents (which includes, but is not limited to, training on the proper application or use of the rubric).

Initial training

Do all evaluators receive the same initial training?

☑ Yes, all evaluators receive the same initial training.

INPUT MODEL

Selection of the Input Model will require:

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Measure Type(s)

Please indicate below which type(s) of measures will be used to evaluate principals. Please check all that apply.

Marshall's Principal Evaluation Rubric (2012 Revised Edition with 2013 Updates)	(No Response)

Please read the assurances below and check each box.

☑ Assure that the same rubric(s) is (are) used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.

☑ Assure that the same rubric(s) is (are) used for all school visits for a principal across the school visit types in a given school year.

Rubric Rating Process

For more information on the Principal School Visit category see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

The following is one example of how an LEA might score principal school visits using the selected practice rubric: Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domains 1 and 4 are weighted as 10% each. For each school visit, evidence is collected for all observed subcomponents in a domain. A holistic score is then determined for each domain. These domain scores are weighted as indicated above to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The LEA will ensure that all subcomponents designated as observable will be addressed at least once across the school visit cycle.

Principal School Visits

The principal school visit category is made up of two (2) required and one (1) optional subcomponents.

- The frequency and duration of school visits are locally determined.
- School visits may not occur by live or recorded video.

- **Required Subcomponent 2:** At least one **school visit must be conducted by an impartial independent trained evaluator (independent evaluator).**
- **Optional Subcomponent: If selected,** at least one **school visit must be conducted by a trained peer principal (peer principal).**

Please use the table below to enter the minimum number of school visits for each type listed.

	Minimum Number of School Visits
Announced Supervisor School Visits (Required Subcomponent 1)	1
Unannounced Supervisor School Visits (Required Subcomponent 1)	N/A
Announced Independent Evaluator School Visits (Required Subcomponent 2)	N/A
Unannounced Independent Evaluator School Visits (Required Subcomponent 2)	1
Announced Peer School Visits (Optional)	N/A
Unannounced Peer School Visits (Optional)	N/A

Does the information in the table above apply to all principals?

☑ Yes, all principals receive the same number of school visits of each type.

Independent Evaluator Assurances

Please read the assurances below and check each box.

☑ Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the principal(s) they are evaluating.

☑ Assure that independent evaluator(s) will be trained and selected by the LEA.

Please also read the additional assurances below and check each box.

☑ Assure that if the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or their designee. See Section 30-3.5(c)(1)(ii)(a) of the Rules of the Board of Regents.

☑ Assure that if the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the LEA's approved Section 3012-d Educator Evaluation plan, the provisions of the approved waiver will apply. See Section 30-3.5(c)(1)(ii)(b) of the Rules of the Board of Regents.

Additional Requirements

For guidance on additional requirements for principals, see NYSED Educator Evaluation Guidance.

Principal Improvement Plan Assurances

Please read the assurances below and check each box.

☑ Assure that the LEA will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.

☑ Assure that PIP plans developed and implemented by the superintendent or their designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

Principal Improvement Plan Forms

All PIP plans developed and implemented by the superintendent or their designee, in the exercise of their pedagogical judgment, must include:

1) identification of needed areas of improvement;

2) a timeline for achieving improvement;

3) the manner in which the improvement will be assessed; and, where appropriate,

4) differentiated activities to support a principal's improvement in those areas.

Training Assurance

Please read the assurance below and check the box.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on, at a minimum, elements 1, 2, and 4 below.

1. The Leadership Standards and their related functions, as applicable
2. Evidence-based observation techniques that are grounded in research
3. Application and use of any methodology as part of an SLO and any optional second measures of student performance used by the LEA to evaluate its principals

Inter-rater Reliability

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the school visit process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that school visits are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.

Please check all that apply.

☑ Data analysis to detect disparities on the part of the evaluators

☑ Periodic calibration meetings and/or trainings
