Palmyra, NY 14522

Dear Superintendent Ike:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teacher or principal overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for prinicpals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- Principal and building/program-specific results: scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/progra where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used a evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice r

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☑ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., Domains 2 and 3 will be weighted 30% each and Domains 1, 4, 5 and 6 will be weighted 10% each).

All observable components will be weighted equally and averaged.

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.
