For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
NYSUT Teacher Practice Rubric (2012 Edition)	(No Response)

4.2) Assurances

Please check all of the boxes below.

- ☑ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in Task 4.1 above.
- ☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged.

4.4) Calculating Observation Ratings

Assurances

Please check each of the boxes below.

- ☑ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check each of the following boxes.

- ☑ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- ☑ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

Each lead evaluator will complete extensive training annually conducted by OHM BOCES. All evaluators including lead evaluators, evaluators, and independent observers, will complete extensive training annually as conducted by the OHM BOCES. The district will not use peer observers. Our Board of Education certifies each evaluator at our July re-organizational Board meeting. Lead evaluator and evaluator training and certification will be conducted by the OHM BOCES which includes training on the nine element of Regents Rule 30-3:

1.) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable;

2.) Evidence-based observation techniques that are grounded in research;

3.) Application and use of the student growth percentile model and any other growth model approved by the department as defined in section 30-3.2 of this Subpart.

4.) Application and use of the teacher or principal rubric(s), including training on the effective application of such rubrics to observe a teacher or principal's practice;

5.) Application and use of any assessment tools that the school district uses to evaluate its classroom teachers or building principals, as approved by the State Education Department.

6.) Application and use of any locally selected measures of student growth used in the optional subcomponent of the Student Performance Category used by the district to evaluate its teachers or principals;

7.) Use of the Statewide Instructional Reporting System;

8.)) The scoring methodology utilized by the department and/or the district to evaluate a teacher or principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their category ratings; and

9.) Specific considerations in evaluating teachers and principals of English Language learners and students with disabilities.

The training and certification of independent evaluators will adhere to the following guidelines as specified by Regents Rule 30-3:

1.) The New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;

2.) Evidence-based observation techniques that are grounded in research; and

3.) Application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice.

Upon completion of the year-long training for evaluators/lead evaluators, all evaluators will be certified as lead evaluators. All evaluators responsible for teacher evaluation will continue training on an annual basis through participation in the annual follow-up training for evaluators/lead evaluators provided by the OHM BOCES. The OHM BOCES will re-certify all evaluators on an annual basis. This training will support the continued growth in understanding of the nine elements of performance review noted above; as well as, the three required elements for independent evaluators. All evaluators who complete the annual follow-up training will be re-certified as lead evaluators. As designated by the Board of Education, the Superintendent will ensure that all evaluators participate in the required training on an annual basis for purposes of continued growth in understanding of the teacher performance evaluation process. The OHM BOCES will be utilized to provide the certification; as well as, the ongoing annual re-certification training. Initial training and annual re-training for all evaluators occurs over five (5) days throughout the school year for 3-4 hours per training day.

The initial training for all evaluators and the annual training thereafter, for purposes of continued growth, will maintain inter-rater reliability of all evaluators over time. In cases where video recordings are conducted for observations, these recordings will also serve as a training tool for inter-rater reliability. The district will use administrative cabinet meetings to review our evaluation and observation process to assess inter-rater reliability.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments for which there is a State growth model (e.g., K-5, K-6, 6-8, 6-12, 9-12, etc.).

For principals where less than 30% of their students are covered under a State-provided growth measure, please use Task 7.2.

For the 2015-16 through 2018-19school years, principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments set back-up SLOs based on Regents assessments.

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal. Principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments should continue to set back-up SLOs based on Regents assessments in the 2019-20 school year and thereafter.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, K-6, 6- 8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for back-up SLOs.

For each grade configuration indicate the following:

Column 1: lowest grade that corresponds to the building or program

Column 2: highest grade that corresponds to the building or program

Column 3: assessment(s) used

Follow the examples below.

7.2) Student Learning Objectives (Original)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the following rules:

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGPresults.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/courses(s) that have the largest number of students using school- or district-wide student results from one of the following assessment options:
- State or Regents assessments;
- State-approved 3rdparty assessment; or
- State-approveddistrict, regionally, or BOCES-developedcourse-specificassessment.

For each grade configuration indicate the following:

Column 1: lowest grade that corresponds to the building or program

Column 2: highest grade that corresponds to the building or program

Column 3: measure used

Column 4: assessment(s) used

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) measure	(4) assessment(s)
Grades K-2 Building	K	2	District- or BOCES-wide results	ELARegents, Algebra IRegents, Living EnvironmentRegents, Global 2Regents, US HistoryRegents
Grades 11-12 Building	11	12	Principal-specificresults	ELARegents, US HistoryRegents

Using the table below, please select the measure and assessment(s) that will be used for the SLOs for each grade configuration listed. During the 2016-17 through 2018-19 school years, SLOs that use grade 3-8 ELA/math State assessments as their underlying assessments must be excluded from the calculation of transition scores and ratings.

Task 8) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

8.1) Use of the Optional Subcomponent for Student Performance Measures

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.

11.3) Assurance: Appeals

Please check the box below.

- ☑ Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

11.4) Appeals

Pursuant to Education Law§3012-d, a principal may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review;which shall include the following:

(i) in the instance of a principal rated Ineffective on the studentperformance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law§3012-d;

Each appeal must be filed in writing, with a copy being sent to the SVAA President, no later than 15 calendar days of receiving the final overall APPR composite rating. The appeal must include any and all documentation specific to the point(s) of disagreement that will support the district's response to the appeal. Any information not included at that time will not be considered. The superintendent will render a decision in writing no later than 30 calendar days from the date the administrator filed the appeal. An administrator may appeal the superintendent's final decision to the BOCES district superintendent within 15 calendar days of his/her appeals determination from the superintendent.
